**2021 SEASON**

### INTRODUCTION

---

Inside Running Recruitment is a Rugby Agency specialising in the global placement and transfer of talented Rugby players and coaches. We work for Clubs to recruit players of a high standard.

Inside Running was established in 2003 to eliminate the many risks plaguing the Rugby recruitment industry. Our aim is to provide a professional and comprehensive service to all Clubs and players.

### KEY SERVICE AREAS

---

Inside Running Recruitment provides three key service areas to its client Clubs around the world.

#### 1. FOREIGN PLAYER RECRUITMENT

We are widely recognised as the market leader in this area. Managed from our New Zealand office, we source players from within our major markets for placement with Clubs anywhere in the world who will add value to both team and Club.

#### 2. LOCAL PLAYER RECRUITMENT

We provide local player recruitment services to Clubs. This is an area of real growth and opportunity for our business and our client Clubs.

#### 3. CLUB CONSULTANCY

We provide a consultancy service to our Clubs. This includes advice on player recruitment and retention strategies, player development and sponsorship planning.

#### 4. PLAYER DEPARTURE PREPARATION

Our dedicated Recruitment Administrator will support all players throughout the process in preparation for departure. Assistance with visas, booking airfares, IRB clearances and any other general enquires is provided. This ensures the player feels confident about their new placement and are ready to hit the ground running on arrival at your Club.

We also provide "after arrival" follow up with both the Club and player. This regular communication with Clubs ensures that the player is meeting Club expectations and if there are any disputes/ problems these can be resolved quickly.

## WHAT MAKES US DIFFERENT FROM OTHER AGENTS?

---

### 1. A COMPREHENSIVE SERVICE

Our Club services include:

- Assurance over a player's ability and statistics through our reference-check process.
- Assistance with drafting contracts.
- Player departure preparation.
- Open Communication. We have a policy that all communication must be responded to within two working days.
- After Arrival follow up and management. Once the Player arrives, we will maintain contact with you, to ensure that everything is running smoothly.

### 2. WE FOCUS ON 'THE RIGHT FIT'

We understand the comparable level of rugby around the world. We understand the ability of our players and the level of our Clubs and we take into consideration their objectives behind recruiting players.

### 3. FEES

Unlike many of our competitors, our fees are payable upon player arrival, not in advance. Our fees are competitive and reflect our service.

### 4. OUR GUARANTEE

We give Clubs a six-week period to assess a player after his arrival. Should the Player not be up to first team standard, our fees are either refunded or credited to the Club. The Club must notify us of this during the six-week probationary period.

If a player is denied entry by Immigration authorities upon arrival or fails to board the flight for any reason, Inside Running is liable for the costs of flights paid by the Club.

## OUR EXPECTATIONS OF CLUBS

---

- To only contact players that appear on our player list through Inside Running. We trust that Clubs won't seek to contact players directly and will initiate all interest/contact via Inside Running.
- Reference Checks. Inside Running completes comprehensive reference checks on all players, however we expect Clubs to also take the opportunity to check a players references to ensure that the player meets their requirements.
- Regular communication after the arrival of the player. It is critical that the Club provides regular feedback to Inside Running after the arrival of the player to ensure that we can assist to resolve any issues if present.
- Prompt payment of our recruitment fees. We expect our recruitment fees to be paid within 10 days after the arrival of the player.
